

# Masks

## ***Background:***

Before the circus, performers had a parade. Animals, steam calliopes, wagons and circus performers created a grand spectacle that was used to entice people to come and see the show.

## ***Directions:***

1. Download the clown mask template. Cardstock works best, but regular paper is fine.
2. Cut out the template pieces and glue them to a paper plate. Do not use the eye pieces, cut them out of your mask instead.
3. Color your mask.
4. Tape a string on either side of the mask.
5. Try on your mask and have your own parade!
